- 7.6 The Government / WoC will arrange for the disbursement of the project's remaining funds to the funded organisation, subject to the funded organisation's compliance with the terms and conditions prescribed by the Government / WoC (including but not limited to those in this Guide, the Approval Letter, the Undertaking Form and the Rules) and the implementation of the funded project to the WoC's satisfaction, the WoC's acceptance of documents provided by the organisation on the funded project's deliverables such as summary report on participant opinion survey, final report, financial report, progress report (if applicable), auditor's report (if applicable) and any other additional reports and/or documents as requested by the WoC regarding the funded project, as well as the WoC's confirmation of the organisation's observance of all requirements concerning the project implementation and the use of funding.
- 7.7 Expenditure incurred before the formal approval of the project in writing by the WoC (i.e. before the effective date as stated in the Approval Letter) will not be funded.
- 7.8 Unless the WoC approves otherwise, expenditure incurred after the completion of the funded project, except for expenditure items which by its nature must be incurred after such completion (such as expenses for hiring services from a CPA or an auditor), will not be funded by the WoC.
- 7.9 The funding for the funded project will be disbursed on an accountable basis.

The amount of funding for an approved expenditure item shall not exceed the funding cap of the item. If the actual expenditure is less than the approved funding amount, only the actual amount of expenditure will be reimbursed by the Government / WoC. The actual amount reimbursed by the Government / WoC will also depend on the actual number of activities organised. If some of the activities cannot be conducted as planned, the funding amount may be reduced proportionally regardless of the actual expenditure. Furthermore, if the outcome of the funded project fails to meet the expected target, the Government / WoC reserves the right to reduce the funding amount or cancel the reimbursement.

- 7.10 The funded organisation may decide whether to impose a refundable deposit on participants at its own merits. If the organisation opts to impose a refundable deposit on participants, they must enter an agreement with participants in aspect of the arrangement of collecting the deposit before the activity. The organisation is responsible for explaining the terms and conditions of the agreement to the participants and ensure that they fully understand it before signature. If the WoC considers it necessary, the funded organisation must impose the refundable deposit on the participants according to the instruction. All records pertaining to the agreement shall be recorded properly and kept for seven years after the completion of the project for the WoC's inspection as and when necessary.
- 7.11 The funded organisation may charge a reasonable fee from participants and must list the breakdown of the fees in the proposed budget. If the funded organisation wish to raise the participants' fee after the approval of the project, it must submit an application with full justifications to the WoC. The WoC reserves the right to request the funded organisation to submit the relevant information for consideration.
- 7.12 Irrespective of whether it has so declared in the application, the funded organisation shall utilise all income (including interest generated from the project fund) in the first instance before the funding under the WEF is used to meet project expenses. The same arrangement shall apply to sponsorship, cash donations and other funding sources of income. All records pertaining to the receipt of income shall be kept for seven years after the completion of the project for the Government's / WoC's inspection as and when necessary.
- 7.13 The Government / WoC will not provide additional funding to the funded organisation other than the funds approved for the project. In case the actual expenditure of the project exceeds the approved budget, the funded organisation is required to cover the shortfall on its own.
- 7.14 In any case, the funded organisation must return to the Government any unspent funding (including all unspent advance payment and interest generated from the allocated fund) upon the acceptance of the submitted financial report and auditor's report (if applicable) by the WoC.
- 7.15 All expenses should be prudent, pragmatic and economical to achieve the

maximum cost effectiveness. The funded organisation shall use the funding in accordance with the approved budget attached to the Approval Letter and for the sole and exclusive purpose of implementing and completing the funded project directly. Any expense outside the approved budget is not reimbursable.

- 7.16 The Government / WoC reserves the right to cancel or reduce the approved funding for the funded project if the Government / WoC considers that the funded organisation has used the approved funding or any part thereof for any purpose other than the specified purposes, or the expenditure items are unreasonable.
- 7.17 The Government / WoC may require the funded organisation to return all or any part of the funding to the Government / WoC and refer the case to law enforcement agencies (if applicable) should any irregularities or criminal elements are discovered after the disbursement of funds to the funded organisation.
- 7.18 No reimbursement will be made for any unapproved expenses. The Government / WoC reserves the right to make the final decision on whether or not to disburse the funding. The final funding amount shall be as deemed reasonable by the Government / WoC. The decision of the Government / WoC shall be final and the funded organisation shall raise no objection.

(VIII) Project Implementation

8.1 Overall Arrangement

- 8.1.1 The person-in-charge must be a person authorised by the funded organisation or authorised to represent the organisation in accordance with the relevant regulations (such as Companies Ordinance (Cap. 622 of the Laws of Hong Kong). Such person shall take the full responsibility for the funded project and is required to sign the Undertaking Form.
- 8.1.2 The applicant organisation must appoint an officer-in-charge of the project to oversee the implementation of the project, monitor the funding to ensure its proper use in accordance with the approved budget, adhere to the principle of economy in the use of funds, liaise with the Secretariat and report on the progress or performance of the project.
- 8.1.3 The funded organisation is required to designate a staff of the organisation as an authorised person to provide support to the implementation of the project, and designate its staff or members as procurement officer to be responsible for procurement of goods and/or services.
- 8.1.4 The officer-in-charge of the project shall not be the same person as the person-

in-charge of the organisation or the authorised person.

- 8.1.5 If the applicant organisation delegates other organisations to organise activities, the applicant organisation must serve as the organiser of these activities, get involved in supervision and planning, and appoint a representative to participate in activities.
- 8.1.6 In terms of recruitment and publicity, the funded organisation should endeavour to recruit women participants through various open channels. The participants must not be confined to the members of the funded organisations. The funded organisation is required to adopt an open, fair and impartial procedure and criteria in the recruitment of participants.
- 8.1.7 The funded organisation shall submit all publicity materials and articles bearing the names of the WoC and the WEF (if any) (whether or not funded by WEF) for the activity to the Secretariat for approval at least 14 days prior to the activity. The funded organisation shall bear any additional expenses relating to administration, reproduction of the publicity materials and articles, etc. arising from its failure to submit the publicity materials and articles on time. If the funded organisation prints or produces the publicity materials and articles (whether or not funded by WEF) without the approval of the WoC, the Government / WoC has the right to revoke the funding and the funded organisation must refund the amount involved (if any).
- 8.1.8 For its own protection, the funded organisation should take out an appropriate insurance plan for the funded project, including but not limited to employees' compensation, public liability insurance covering all risks (with coverage for occupiers' liability), to meet any claims arising from or in connection with the funded project.

- 8.1.10 In general, the funded organisation may accept sponsorships and donations in cash or in kind. Under no circumstances is the applicant organisation allowed to seek and/or accept donations that may, in the opinion of the Government / WoC, be in direct conflict with the policies and interests of the WEF or any Government Bureaux or Department (including but not limited to donations and/or sponsorships from businesses involving tobacco, alcohol, advocacy of

gambling and obscenity, etc.). If the Government / WoC considers the acceptance of sponsorships and donations by the organisation inappropriate, the Government / WoC reserves the right to revoke the funding and the funded organisation must refund the amount involved (if any).

- 8.1.11 If the applicant organisation needs additional funding to meet the costs of activities which exceed the funding cap or to cope with expenditure items which are not approved, it may commit internal resources and/or apply for financial assistance from parties outside the Government and/or charge the participants, provided that the details are included in the budget of the application form. To avoid duplication of resources, the WoC will not approve an activity which has already secured funding from other sources of the Government. If the application result of other funding sources has yet to be known at the time of submission of application to the WoC, the applicant organisation must inform the WoC of the concerned result within 7 days upon receipt of the result. If the applicant organisation wishes to apply for funding from parties other than the Government after the application is approved or during the implementation of the funded project, written approval from the Government / WoC must be obtained. If the applicant organisation fails to comply with the requirements, the WoC may revoke the funding. If the applicant organisation has secured funding from other sources, the WoC may revoke or reduce the approved funding amount.
- 8.1.12 If the applicant organisation needs additional funding to implement the project, the funded organisation must first consider other sources of income (such as the internal resource) before consideration is given to impose a fee on participants or raise such fee.
- 8.1.13 The funded organisation shall uphold the principles of openness, fairness, competitiveness and value for money in procuring goods and services with the funding in accordance with the requirements of the Rules.
- 8.1.14 The funded organisation or any person involved in any way in the funded project or any of its or his associated persons or companies (including co-organisers) shall not participate in the quotation for procurement of goods and services.

the final funding amount exceeds HK\$50,000, the funded organisation shall submit a financial report with the accounts audited and an auditor's report issued by an independent CPA or auditor. The aim of such a requirement is to assure the Government and the WoC that all expenditure items under the funded project fall within the scope of the approved expenditure items (including sub-items) stipulated in the approved budget attached to the WoC's Approval Letter, and the administration and management of the project (including the use of the funds) are in compliance with the requirements set out in the Approval Letter, the Undertaking form, the Rules and other guidelines specified by the Government / WoC (if applicable). The funded organisation is not required to submit the original receipts for payments under the project but such receipts should be kept for seven years for checking by the Government / WoC. The expenses for hiring services from a CPA or an auditor can be listed as one of expenditure item of the funded project (please refer to paragraph 5.10(k))
